Sub: Thanks giving Letter

Dear friend,

We heartily thank you by acknowledging your presence through your representative in the program of mass deputation called from our end on 24.03.2023.

With no loss of mutual respect for our cadre members not belonging to our association we have felt that no decision can be forced onto. In tandem it is also true that my association has a natural flare to react. At a time and to the agony of our members we felt that we have to shrug off the delay dialing attitude.

On 08.03.2023 my association decided to give a call for the movement and the very next day, i.e, on 09.03.2023 I had communicated the same to you through the common platform we have between associations. I received your much awaited reply on 22.03.2023 and thus sent your association only, a formal letter for invitation on 23.03.2023. The occasion was marked by a tumultuous presence of more than 550 of our members.

The joint Secretary of your association along with other respected members came and this event we feel will take the cadre unity to new heights. We always feel that there is great scope of larger unity among cadre members and also want that in coming day we three associations will work together for betterment of the cadre by setting aside mutual differences.

Thanking you.

Yours faithfully,

Sumit Mukherjee
